## PERSONAL PROFILE

Results-driven chief executive officer with over 9 years experience leading and increasing growth in education businesses. especially in higher education. I raised the school performance and increased students' achievement by analyzing the institution's management practice and did enhancement in their overall professional management skills and competencies. In addition to that, I ensured robust quality assurance systems within the school by implemented and maintained an effective curriculums. Other than that, made donations to few charitable organizations and made free education programmes for poor communities locally and internationally.
